DeROSSETT COMPANY Relocates Business to Leavenworth County

Leavenworth County Development Corporation is pleased to announce the location of a new business to Leavenworth County. DeROSSETT COMPANY is moving its business from Kansas City, Kansas to a building at 178th Street and State Avenue between Tonganoxie and Basehor. The company will initially bring its 5 existing employees to Leavenworth County but will have room for some job growth in the future.

DeROSSETT COMPANY is a manufacturer's representative for materials used by natural gas utilities. DeRossett has been in business as a distributor of natural gas equipment for more than 25 years. The company's clients are utilities in 6 states including South Dakota, Iowa, Nebraska, Kansas, Missouri and Oklahoma.

Mike DeRossett, the company's owner, said he plans to build offices onto the front of the 5,000 square foot former welding shop. To assist in the building expansion and the location of the new jobs to the county, the Leavenworth County Port Authority offered financial incentives based on the amount of capital investment and the number of new jobs.
